Culture travels, like people. There are Chinese and Zen gardens in cities from Sydney to Edinburgh to San Francisco. 'World Music' is enormously popular: the latest disco style breezily combines flamenco with jazz and Gaelic traditions. Dance troupes from Africa and South America routinely perform overseas. It would be impossible to disentangle strands of influence in the spaghetti western, samurai film, Hollywood action flick, Indian adventure story, and Hong Kong cinema. In the modern world, no culture, however 'primitive' and remote, remains _____. 문 7.

Depending on your values, different kinds of numbers may be important to you. To some, it's cholesterol count and blood pressure figures; to others, it's the number of years they've been married. To many, the sum total in the retirement account is the number-one number, and some people zero in on the amount left on their mortgage. But I contend that your per-hour worth should be among the top-of-mind numbers that are important to you — no matter what your values or priorities are — even if you don't earn your living on a per-hour rate. Knowing the value of your time enables you to make wise decisions about where and how you spend it so you can make the most of this limited resource according to your circumstances, goals, and interests. Obviously, the higher you raise your per-hour worth while upholding your priorities, the more you can propel your efforts toward meeting your goals, because you have more resources at your disposal — you have either more money or more time, whichever you need most.

- ① Your Time Is Money
② Maintaining High Motivation
③ Part-time Jobs Are Better
④ Living Within Your Income

Mythology was an integral part of Egyptian culture for much of its timespan. Characters and events from myth permeate Egyptian art, architecture, and literature. Myths _____ (A) _____ many of the rituals performed by kings and priests. Educated Egyptians believed that a knowledge of myth was an essential weapon in the fight to survive the dangers of life and the afterlife.

There is disagreement among Egyptologists about when mythical narratives first developed in Egypt. This dispute is partly due to the difficulty of deciding what should be counted as a myth. Today, the term myth is often used in an unfavorable way to refer to something that is exaggerated or untrue. In ancient cultures, myth did not have this _____ (B) _____ connotation; myths could be regarded as stories that contained poetic rather than literal truths. Some scholars separate myths from other types of traditional tale by classifying them as stories featuring deities. This simple definition might work quite well for Egypt, but not for all cultures.

문 17.

We rarely get tired when _____. For example, I recently took a vacation in the Canadian Rockies up around Lake Louise. I spent several days trout fishing along Coral Creek, fighting my way through brush higher than my head, stumbling over logs, struggling through fallen timber—yet after eight hours of this, I was not exhausted. Why? Because I was excited, exhilarated. I had a sense of high achievement: six cutthroat trout. But suppose I had been bored by fishing, then how do you think I would have felt? I would have been worn out by such strenuous work at an altitude of seven thousand feet.

- ③ we do household chores for our family
- ④ we are elevated to high altitudes

The 'ten-thousand-hour rule' states that expertise requires at least ten thousand hours of practice. Clearly, though, time is not the only requirement. Layered upon time are a slew of other ingredients, life focus, precision, discipline, and desire.

- ① a sufficient one in itself
- ② a requisite for time
- ③ a tolerant one of others
- ④ a predictor of longevity

Stephenson's locomotive 'Rocket' was the winner, achieving a record speed of 36 miles per hour.
